The Summary of Benefits and Coverage (SBC) document will help you choose a health plan. The SBC shows you how you and the plan would share the cost for covered health care services. If a discrepancy exists between this SBC and the plan provisions, the plan provisions govern.

This is only a summary. For more information about your coverage, or to get a copy of the complete terms of coverage, view the Summary Plan Description (SPD) at my.aa.com or contact us at 1-888-860-6178. For general definitions of common terms, such as allowed amount, balance billing, coinsurance, copayment, deductible, provider, or other underlined terms see the Glossary. Important Questions	Answers		Why This Matters:
	IN-NETWORK	OUT-OF-NETWORK	
What is the overall deductible?	**$1,600/Individual** **$3,200/Family**	**$4,000/Individual** **$8,000/Family**	Except for preventive services, each member must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan, the overall family deductible must be met before the plan begins to pay. If you have other family members on the plan, each member's deductible applies toward the family deductible. Once the family deductible is met, the plan will begin to pay for those members who have not reached their individual deductibles.
Are there services covered before you meet your deductible?	**YES**	**NO**	This plan covers certain preventive services without cost-sharing and before you meet your deductible. Covered preventive services are listed at https://www.healthcare.gov/coverage/preventive-care-benefits/. In-network preventive care and prescriptions are not subject to deductible / coinsurance. Out-of-network preventive care / prescriptions are subject to deductible / coinsurance.
Are there other deductibles for specific services?	**NO**	**NO**	There are no other deductibles for specific services.
What is the out-of-pocket limit for this plan?	**$4,500/Individual** **$9,000/Family** (includes deductible)	**$12,000/Individual** **$24,000/Family** (includes deductible)	The out-of-pocket limit is the most you could pay in a year for covered services. Deductible and coinsurance amounts DO count toward your out-of-pocket limit. If you have other family members in the plan, the overall family out-of-pocket limit must be met. In families of 3 or more members, if family out-of-pocket limit is met cumulatively, expenses are payable at 100% for all family members even if individual out-of-pocket limits haven't been met by each member. No one covered person will pay more than $6,850 of the family out-of-pocket limit.
What is not included in the out-of-pocket limit?	Contributions, copayments for certain services, balance-billing charges, penalties for non-compliance, and excluded expenses this plan does not cover.		Even though you pay for these expenses, they DO NOT count toward your out-of-pocket limit.

*For more information about limitations and exceptions, see the plan document and SPD at my.aa.com.

Will you pay less if you use a network provider?	**YES**	This plan uses a provider network. You will pay less if you use a provider in the plan's network. You will pay the most if you use an out-of-network provider, as you may receive a bill from the provider for the difference between the provider's charge and what your plan pays (balance billing). You can access in-network provider listings by visiting my.aa.com and click on your respective network/claim administrator or call 1-877-235-9258 (Blue Cross Blue Shield of Texas) OR 1-800-826-9781 (UMR).
Do you need a referral to see a specialist?	**NO**	You can see the specialist you choose without a referral.

Health Savings Accounts (HSA)

The Core Option offers you the ability to enroll in a Health Savings Account (HSA) administered by Smart-Choice. Contributions to your HSA can be made via pre-tax payroll deductions or directly with UMB, your bank or other financial institution on a post-tax basis. You can use the HSA to pay for eligible medical, prescription, dental, and/or vision expenses—including your annual deductible, coinsurance, out-of-pocket expenses such as over-the-counter items including feminine hygiene products and pain relievers. The chart on page 6 provides some examples of HSA-covered expenses. For complete information, please refer to the SPD. **Maximum federally defined HSA contributions for 2024 are $4,150 for employee only, $8,300 for employee + family (if you're over age 55, you may contribute an additional $1,000 to your HSA).**

Limited Purpose Flexible Spending Account (LPFSA)

You also have the option to elect an LPFSA through Smart-Choice which can be used to help pay **dental** and **vision** services only, such as deductibles, coinsurance, and other out-of-pocket expenses until you meet your medical deductible. Once you have met your medical deductible, the LPFSA becomes a full Health Care Flexible Spending Account, meaning you can use the funds to help pay for eligible medical and prescription expenses for the remainder of the plan year. Contributions to your LPFSA will be taken pre-tax via payroll deductions, and these dollars can reimburse you for the portion of dental and vision expenses that you would be responsible for paying. If you enroll in an LPFSA, the entire elected amount is available to you and your eligible dependents on January 1. **For 2024, the maximum amount you can deposit into your LPFSA is $3,050.**

Focus on the cost sharing amounts (deductibles, co-payments and co-insurance) and excluded services under the plan.
